

The Calgary Airport Marriott In-Terminal Hotel's lobby is located on the departures level inside of the Calgary International Airport at **Door 13** (as shown on the map below where the yellow "M" is located).

Guests arriving to Calgary on a domestic flight will need to walk through the domestic terminal into the new International terminal towards door 13 where you will find the hotels front entrance.

Guests who are driving to the hotel will need to pull up to the front of the hotel (located on the departures level of the airport on the right hand side), please let the valet attendant know you are visiting us with the "Western Women With Drive Event" and the valet attendant will then direct you to where the self-parking area is located. Once you are ready to leave for the day please proceed to the front desk to pay for your parking (at the special rate of \$14.00 plus GST). You will then be given a pass to let you out of the self-parking area.
