

# Carrier Member Fee Schedule Update

What you need to know

To our valued members:

Since 1938, the Alberta Motor Transport Association (AMTA) has been and continues to be the voice, the standard and the resource for the commercial transportation industry in Alberta. Our momentum forward is driven by you and we thank you for your engagement and enthusiasm!

As this industry evolves we here at the AMTA are evolving as well. Slight changes to our fee structure have been approved and are outlined below.

Carrier members are paid members within the transportation industry who have plated vehicles in, and/or outside Alberta with

units operating in the province. There is no relation to WCB codes in the category. For Carrier members that transport other persons goods in Alberta for profit, fees are based on the number of National Safety Code (NSC) units registered and operating in Alberta (prorated vehicle).

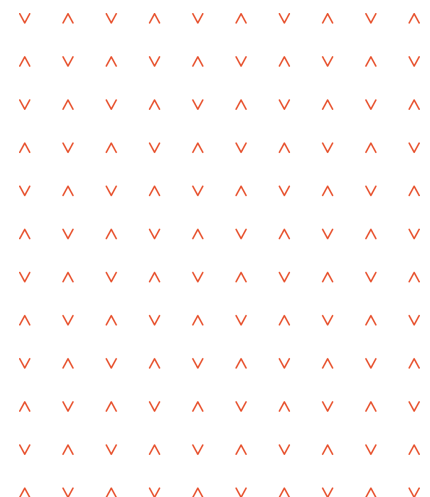

If a company only transports its own goods, membership is the same price.

(NOTE currently members that transport their own goods pay half fees which will be eliminated in 2020 over the course of four years. This means rates will increase by 25 per cent per year until membership dues are the full rate as seen in Table 1).

## Fee Table One

Number of NSC Registered Vehicles over 11,794 kgs	Annual Carrier Member fee
1-5	\$275
6-10	\$550
11-20	\$1,100
21-30	\$2,200
31-50	\$3,300
51+	\$6,600

For Carrier corporations operating under a leased model who do not have commercial vehicles registered within Alberta or any Government agency or municipality, Fee Table One will apply at half fees.

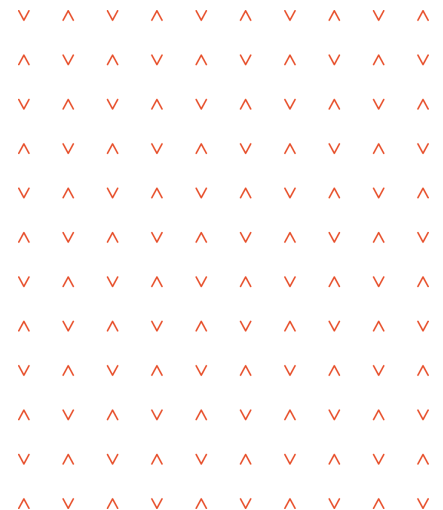

For Carriers which multiple companies under one corporate umbrella the following free structure will apply. If the carrier has multiple companies the total NSC units operated in Alberta will be calculated based on Fee Table One.

If the parent corporation and its other subsidiaries totals reach 51+ units or more operating in Alberta, the fees shall be \$6600.00 plus an additional cost for each entity operating in Alberta which would participate in CRA related activity and/or be supported by lobby efforts as per Fee Table Two.

## Fee Table Two

Number of NSC Registered Vehicles over 11,794 kgs	Annual Carrier Member fee
1-5	\$100
6-10	\$200
11-20	\$300
21-30	\$400
31-50	\$500
51+	\$600

When a parent corporation has multiple companies registered or has leased operators for hire, they shall only have one person eligible to sit on the AMTA Board of Directors but may have multiple people active on any CRA related committee.

For Carriers who do not have any vehicles licensed in Alberta or any level of Government Fee Table One applies at half fees.
